WORK EXPERIENCE

1 FEB 2022 – CURRENT – Dhaka, Bangladesh

Web programmer

It Bangladesh

Here I work as a **Junior Web Developer** with a helpful team. I do a lot of things for work like design, testing, development, problem-solving, domain hosting maintenance, etc. All I need to do as a junior developer is do my job responsibly.

Water supply; sewerage, waste management and remediation activities

21 DEC 2021 – 1 FEB 2022 – Dhaka, Bangladesh

Web developer

It Bangladesh

After completing my diploma, I did an **internship** in IT Bangladesh for a few months and learned a lot and by working in this organization I have taken my skills much further. I have worked on many professional projects here. I have worked very easily with the team of this organization and solved many problems while working. Which I used to face at work.

PROJECTS

10 JUL 2019 – 6 DEC 2019

Blood Donation Management System

<https://drive.google.com/file/d/1AVGsAhVtFUZKcmuKYuHrwH8MAQ5bkb05/view?usp=sharing>

This is a **blood donation management** website. Through this, donors will be available in all parts of the country and blood can be easily managed on an emergency basis. I think this is a very helpful project for everyone. I have used it in **PHP MySQL**.

10 JAN 2020 – 5 FEB 2020

School Management System

https://drive.google.com/file/d/11TwOV2KCDHCP6OSYM9dEP_RjtzlWhSse/view?usp=sharing

This project is designed and developed to maintain everything in a **school**. With this project, everything in any school can be controlled digitally.

15 JAN 2022 – CURRENT
